CHAIRMAN'S REPORT

As one of the key pillars of the financial services sector, the insurance industry is central to the realization of financial services goals as set out in the Vision 2030 economic blueprint. The blueprint recognizes that as the economy expands and disposable incomes rise, there will be growth in insurable assets thereby generating demand for insurance services.

In 2016, the Authority reviewed the 2013-2018 Strategic Plan to establish performance levels, isolate factors affecting such performance, and identify areas for improvement. This review was based on the Authority's goals of promoting consumer education and protection, promoting an inclusive, competitive and stable insurance industry and offering quality customer service. The revised strategic plan is expected to bolster renewed focus on realizing vision 2030.

Currently, insurance penetration in Kenya stands at 2.73% which is considered low compared with the world average of 6.28% (Source: Swiss Re Sigma 2016). In light of this, the Authority has taken a host of measures aimed at improving insurance penetration. Key among the measures are localization of marine insurance business, development of a micro-insurance policy, training of insurance agents under the Executive Certificate of Proficiency in Insurance (ECOP) program, encouraging the use of technology in transacting insurance business and authorizing the use of new distribution channels.

The Authority has also embraced the development of Islamic finance, specifically Takaful, which is insurance that is compliant with Sharia principles. Kenya being an agro-economy, the insurance sector has also recognized the importance of index based insurance that has in the recent past supported farmers. In addition, the sector has adopted bancassurance model of insurance distribution where banks sell insurance products through their establishments.

The reputation of the insurance industry in Kenya has been eroded over the years as a result of both perceived and actual malpractices. The Authority has identified reputation as a major hindrance to uptake of insurance. The major issues causing negative perception towards insurance include delayed claim settlement, lack of awareness about the needs and benefits of insurance and industry malpractices. To address this, the Authority is conducting awareness campaign across counties, developed guidelines on claims settlement, adoption of best practice on treating customers fairly and establishment of insurance fraud investigation unit.

The Authority takes cognizance of the need to have a stable insurance industry in Kenya that will boost both investor and public confidence in order to enhance competitiveness and promote insurance inclusiveness. In this regard, the Authority continues to implement and enhance risk based supervision in order to strengthen its regulatory framework. The Authority is also in the process of introducing group-wide supervision of insurance groups.

In order to share information and learn best practices, the Authority continues to collaborate with international, regional and local bodies and associations that include the Central Bank of Kenya (CBK), Sacco Societies Regulatory Authority (SASRA), Capital Markets Authority (CMA), Retirement Benefits Authority (RBA), International Association of Insurance Supervisors (IAIS), East African Insurance Supervisors Association (EAISA) and African Insurance Organization (AIO).

Regarding the financial condition and performance of the Authority, it is important to point out that the Authority is financed through the 1% insurance premium levy. The Authority's total revenue was KES 1.65 billion in the financial year 2015/2016 compared to KES 1.52 billion in 2014/2015. Out of this, the Authority spent KES 810.20 million leaving a surplus of KES 841.00 million compared to KES 769.80 million in 2014/2015. As a requirement, 90% of the surplus is transferred to the Consolidated Fund.

The surplus resulted from high revenue collection which exceeded the budgeted amount by KES 200 million during 2015/2016. In addition, the Authority's expenses were KES 811.5 billion against a budget of KES 1.07 billion.

In conclusion I would like to reiterate the Authority's commitment to the protection of insurance consumers and the relentless effort towards ensuring industry growth and stability and the overall growth of Kenya's economy. The Authority is fortunate that, in a challenging environment, it has a dedicated and high caliber workforce with a strong blend of regulatory knowledge and commercial expertise, who are passionate and committed to the Authority's mandate of serving our stakeholders. I thank them for their sterling efforts across the full scope of the Authority's activities.

CHIEF EXECUTIVE OFFICER'S REPORT

A well-functioning financial services system plays a key role in driving and supporting growth by providing capital, facilitating trade and financing infrastructure and innovation. The insurance industry plays a pivotal role in providing innovative solutions to the significant social, economic and environmental challenges the country faces.

In 2016, Kenya's insurance industry continued to exhibit a positive growth trajectory. While the life insurance business grew by 18.5% (11.4% in real terms), the growth in the general insurance business was 10.2% (3.6% in real terms). This performance compares well with global growth trends in life and general insurance business which grew in real terms by 2.5% and 3.7% respectively (Source: Swiss Re Sigma 2016). The insurance penetration, which is the ratio of Gross Direct Insurance Premiums to Gross Domestic Product (GDP), declined from 2.88% in 2015 to 2.73% in 2016. This decline may be attributed to higher nominal growth in GDP of 14.3% (at current prices) compared to nominal growth in gross direct premium of 13.2%.

Industry gross written premium as at December 2016 amounted to KES 196.64 billion, representing a 13.0% growth from KES 174.06 billion in 2015. The asset base, shareholder's equity and investments grew by 10.4%, 6.9% and 9.0% respectively. During the year under review, 1.36 million new insurance policies were issued.

The Authority continues to focus on a number of strategic issues as it strives to realize its mandate, including:

Industry Stability: The Authority has adopted a risk based supervisory approach to regulation and has issued various guidelines and circulars aimed at facilitating its implementation. Risk Based Supervision (RBS) is a framework geared towards allocating regulatory resources in the most efficient and economic manner. The framework requires the regulator to focus more attention to regulated entities that pose a higher risk to policyholders. In order to fast-track the implementation of RBS, the Authority continuously engages industry players with a view to address issues that may adversely affect its realization. In this regard the Authority made proposals for amendment of the Insurance Act relating to capital adequacy requirements; market consistent valuation methodologies, and regulation allowing

creation of new classes of long term business which were adopted through the Finance Act 2016.

Agency Development: In order to increase access to insurance services nationally, the Authority continues with its agency training program, Executive Certificate of Proficiency (ECOP) in Insurance. The intention of this program is to increase agency capacity at the local level so that insurance services can be readily available across the country. So far, over 3000 trainees have been certified through the ECOP program. The project is conducted in partnership with the College of Insurance and County Governments.

Automation: In order to shorten time taken, reduce costs and improve service delivery when dealing with customers, the Authority introduced the Electronic Regulatory System (ERS). The ERS is a web-based system designed to ease communication between the regulator and the regulated entities. The ERS has achieved its objective of limiting movements and physical contact between the Authority and its regulated entities. The ERS has also improved data depth, consistency, quality and accessibility. This is important as these variables are critical in the smooth implementation of RBS.

Consumer Protection: The Authority has in place a consumer protection unit that seeks to ensure that the interests of policy holders and beneficiaries in any insurance contract are upheld and protected. The Authority has established an Insurance Fraud Investigation Unit (IFIU) mandated to investigate, compile evidence, arrest and arraign suspects in court. Still on customer service, we subscribe to the notion that an educated consumer is a protected one. The Authority has intensified its consumer education activities through national media and targeted county activities.

Institutional capacity development: In order to improve staff skills and competence, the Authority has put in place staff training programs. These programs enable staff to pursue both academic and professional qualifications locally and internationally. The programs include CII, Actuarial Studies, CFA, CPA, LOMA among others. Staff are also encouraged to attend short courses locally, regionally and internationally for continuous professional development and benchmarking with best practices.

Other activities the Authority continues to undertake include:

- i. Standardization of policy wordings.

- ii. Actuarial Scholarship program at Cass Business School (UK).
- iii. Collaboration with other financial sector regulators and the Kenya Institute for Curriculum Development (KICD) to develop a curriculum for incorporating financial education in the school curriculum.

I wish to thank the Board for their leadership and support. I also wish to thank the Management and the rest of the staff members for their dedication and support. Without them, it would not have been possible to realize our success. I am also grateful to all the stakeholders for their support and confidence. The Authority will continue to work closely with the various stakeholders to ensure the continued development and growth of the insurance industry.

THE INSURANCE INDUSTRY PERFORMANCE

1.0. INTRODUCTION

The Insurance Regulatory Authority (IRA) publishes the Insurance Industry Annual Report containing insurance industry statistics and the IRA financial statements. The statistics contained in this report have been obtained from the annual audited accounts and statutory returns submitted to the Insurance Regulatory Authority pursuant to the provisions of Part VI of the Insurance Act. The report aims at informing the various stakeholders on the performance and financial position of the insurance industry in Kenya, as well as that of the Authority, and any other developments in the industry.

This report is organized in three parts; part one presents the developments in the insurance industry as well as an analysis of the industry statistics, part two presents the Authority's financial statements and part three contains appendices with specific company statistics and information.

1.1 Overview of the Insurance Industry

The insurance industry in Kenya is regulated by the Insurance Regulatory Authority. The regulated entities are insurance companies, reinsurance companies¹, intermediaries² and other service providers³ as shown in table 1.

¹These include liaison offices carrying out reinsurance business in Kenya.

² This covers insurance brokers (including foreign reinsurance brokers authorized to run liaison offices), medical insurance providers, and insurance agents.

³ This covers insurance investigators, motor assessors, insurance surveyors, loss adjusters, claims settling agents and risk managers. These offer support services to the industry.

Table 1: Number of licensed insurance industry players

Note:

- i. The following foreign reinsurance companies and reinsurance brokers operated liaison offices in Kenya in 2016:
 - Munich Reinsurance Company;
 - Ghana Reinsurance Company;
 - CICA Re;
 - J.B Boda Reinsurance Broker and
 - Afro Asia Reinsurance Broker.
- ii. Africa Reinsurance Company, PTA Reinsurance Company and Africa Trade Insurance Agency (ATI) are regional insurance organizations that operate under the various regional charters and are therefore not regulated by the Authority.
- iii. The National Hospital Insurance Fund (NHIF) is a state corporation operating under the NHIF Act No. 9 of 1998. NHIF is a social health insurance fund mandated to provide medical insurance cover to its members and their dependants and is currently not regulated by the Authority.

1.2 Insurance and the National Economy

The insurance industry contributes to the economy through savings mobilisation and investments in government securities, deposits, capital markets and the real

estate sector. The gross domestic product (constant prices) expanded by 5.8% in 2016 compared to a growth in gross direct premium of 6.4% (real terms).

Note: Entries marked * are estimates					

The trend in the country's insurance density and penetration ratios⁴ for the last five (5) years is as shown in figure 1:

⁴ Insurance penetration is defined as the ratio of premium written to the gross domestic product (GDP) in a given year for a given country or region. On the other hand, insurance density represents the ratio of premiums written to the total population of a country or region. These two measures indicate the level of development of the insurance sector in a country.

Figure 1: Insurance Penetration and Density

The contraction in penetration in 2015 and 2016 may be attributed to the fact that the national GDP (at current prices) grew faster than the insurance premiums in the last two years.

1.3 Insurance Premium by County

Insurance companies report their premium per county⁵ in the annual returns submitted to the Authority. In 2016 Nairobi County accounted for 72.8% of the total industry premium. This is a drop from the 80.4% reported in 2015.

Figure 2 illustrates premium distribution for counties that accounted for at least 2.0% under long-term and general insurance business.

⁵ This is gross direct premium

1.4 Summary of Key Industry Performance Indicators

The insurance industry has continued to grow over the past decade. As at the end of 2016, gross premium income was KES 196.64 billion, representing a growth⁶ of 13.0% from KES 174.06 billion reported in 2015. General insurance business contributed approximately two thirds (62.6%) of the total gross premium income.

The industry asset base grew by 10.4% from KES 478.75 billion in 2015 to KES 528.75 billion in 2016. A large portion of the assets (80.4%) was held in income

⁶ This is nominal growth

generating investments. These investments grew by 9.0% from KES 390.23 billion in 2015 to KES 425.30 billion at the end of 2016.

1.5 Insurance Distribution Channels

Insurance in Kenya is mainly sourced through agents, brokers or directly by insurance companies. In 2016, 46.3% of the total industry premium⁷ was sourced through insurance agents, 37.5% through insurance brokers and 16.2% directly.

Figures 5 and 6 illustrate the proportion of business written through the three channels for Long-term and General insurance business respectively.

2.0 KEY INDUSTRY DEVELOPMENTS

During the period under review, a number of developments were undertaken including strategic measures, regulation and supervision frameworks in line with the Authority's mandate of regulating, supervising and promoting the development of the insurance industry.

2.1 Changes in Legal and Regulatory Framework

During the year under review, the following legal and regulatory changes were made by the passing of the Insurance (Amendment) Act, No. 50 of 2016:

2.1.1. The Insurance (Amendment) Act, No. 50 of 2016

The following are the changes to the Insurance Act as extracted from the Insurance (Amendment) Act, No. 50 of 2016:

a) Harmonization of the Finance Act, 2015 with Capital Adequacy Provisions:

- i. Section 25 (1) of the Insurance Act was amended to allow other forms of capital for insurers. These include ordinary shares and irredeemable non-cumulative preference shares for a new company; for an existing insurer, the amendment allows subordinated loans, share premiums, reserves and any other form of capital as may be determined by the Authority. The amendment gives priority to policyholders' interests in time of liquidation.
- ii. Section 41 of the Insurance Act was repealed and replaced with a new section that introduced capital adequacy requirements and replaced the solvency margin requirements.
- iii. Section 42 of the Insurance Act was repealed and replaced with a new section that requires the application of capital charges on assets and risk margins on technical liabilities in the determination of the required capital of an insurer.
- iv. Section 43 of the Insurance Act was repealed to remove the concept of admitted liabilities. This was to harmonize the Insurance Act with capital adequacy requirements.
- v. The Second Schedule of the Insurance Act was amended in paragraph (2) (b) by deleting the word "minimum" and substituting with the word "maximum". This would reduce concentration of deposits by an insurer in any one commercial bank.

b) Harmonization of Finance Act, 2015 with the concept of Market Consistent Valuation Methodology:

- i. Section 57 of the Insurance Act was amended to require actuarial investigation to be conducted on both long term and general insurance business. The amendment further introduced the determination of excess of assets over liabilities (surplus) for other funded businesses. The amendment also required actuarial investigations to include a financial condition report.
- ii. The Insurance Act was amended in section 58 to empower the Authority to prescribe the basis of valuation of technical reserves. The section was further amended by deleting the words “minimum basis prescribed” and replacing with the words “the prescribed basis”.
- iii. Section 115 of the Insurance Act was amended in subsection (7) by deleting the words “minimum basis prescribed” appearing in the definition of the term “proper basis” and substituting thereof the words “basis prescribed by the Authority”.

c) Takaful Business:

- i. Section 2 of the Insurance Act was amended by inserting a new definition of the term “Takaful”.
- ii. The Insurance Act was amended by inserting a new section 19A which provides for the licensing, regulation and supervision of Takaful business.

2.1.2 The Insurance (Amendment) Regulations, 2016

The following are the amendments brought about by the Insurance (Amendment) Regulations, 2016:

a) Creation of new classes of long term insurance business

Regulation 9 was amended to introduce new classes of long term insurance business as follows:

- i. Life Assurance
- ii. Annuities
- iii. Pensions
- (a) Personal pensions
- (b) Deposit Administration
- iv. Group Life
- v. Group Credit
- vi. Permanent Health

- vii. Investment
 - (a) Unit Link and Linked Investments
 - (b) Non- Linked investments

b) Amendment of Schedules

The Insurance Regulations are amended by deleting and replacing the 4th, 5th, 6th, 7th and 8th schedules in order to harmonize the regulations with the prescribed valuation basis.

2.2 Industry Circulars

The Authority issued the following circulars during the year in fulfillment of its mandate:

1. IC, RE, IB & MIP 01/2016 – Compliance with the Unclaimed Financial Assets Act, 2011;
2. IC 02/2016 – Changes to Insurance Agents' License;

2.3 Expanding Agency Force in the Counties

Since the launch of the Executive Certificate of Proficiency in Insurance (ECOP) in 2013, the Authority has trained individuals in 29 counties. The ECOP program is aimed at developing the industry by increasing and enhancing the capacity of the agency force in the country.

Table 6 shows the counties that benefited from the training during the year 2016:

Table 6: ECOP Training in the Counties

2.5 Consumer Education

The Authority recognizes the important role played by the general public as consumers of insurance products and services in the growth of the insurance industry. To enhance insurance awareness, consumer education initiatives are carried out countrywide to provide a forum for the public to learn about the needs and benefits of insurance.

In 2016, the following consumer education activities were undertaken in various counties:

Table 8: Champions, Mobile Clinic and Roadshows 2016

County	Activity	Date

ii. **Training of traffic police officers on risk and insurance**

The Authority trained 49 traffic police officers in May 2016 at the College of Insurance. The objective of the training was to enhance the officers' understanding of insurance in order to apply the knowledge gained in their duties.

iii. **IRA Youth Challenge**

The Authority conducted the IRA Youth Challenge, an essay writing competition for the youth in tertiary institutions. The objective of the competition was to sensitize the youth on the needs and benefits of insurance with a view to encouraging the youth to buy insurance.

2.6 Research and Development

In 2016, the Authority carried out the following studies and evaluations aimed at informing policy formulation and decision making;

- i. Baseline survey on fair treatment of customers
- ii. Evaluation of the effectiveness of events and workshops organized by IRA
- iii. Evaluation of the effectiveness of Insurance Champions Program by IRA

- iv. The level of utilization of information & communication technology in service delivery in Kenya's insurance industry.

2.7 Memorandum of Understanding and Collaboration

The Authority during the year 2016 developed a business continuity plan (BCP) that amongst other things identified the College of Insurance as an alternate site in the event of disruption. To that end the Authority signed an MOU with the college so that the Authority's key processes would be performed at the College's premises in case of disruption.

3.0 INDUSTRY REGULATION AND SUPERVISION

Insurance regulation and supervision is carried out under the Insurance Act, Cap.487, laws of Kenya.

3.1 Registration of Insurers

In the year 2016, there were 55 insurance and reinsurance companies licensed by the Authority. These comprised 26 underwriters conducting only general insurance business, 15 conducting long term business only, 11 composite companies conducting both long-term and general insurance and 3 composite reinsurers.

In 2016, Pioneer General Insurance Ltd was issued with its first license. Pan Africa Life Assurance rebranded to Sanlam Life Insurance Limited and Gateway Insurance Company rebranded to Sanlam General Insurance Limited.

Table 9 shows the number of insurers that transacted insurance business in the year 2016:

Table 9: Number of licensed insurers

Type of Business	Number of Insurers
General insurers	26
Long term insurers	15
Composite insurers	11
Reinsurers	3
Total	55

3.2 Registration of Reinsurers

Three locally incorporated reinsurers transacted reinsurance business in Kenya. These are Kenya Reinsurance Corporation, East Africa Reinsurance Company Limited and Continental Reinsurance Company Limited.

Three regional reinsurers operating under regional charters also operated in the Kenyan market. These are PTA Reinsurance Company, Africa Reinsurance Corporation and Africa Trade Insurance Agency. PTA Reinsurance Company and Africa Reinsurance Corporation receive mandatory cessions of 10% and 5% respectively from the Kenyan insurers while the Kenya Reinsurance Corporation receives 20% of all Kenyan insurance business.

Three reinsurers, Munich Re, Ghana Re and CICA Re, operated liaison offices in the country in 2016.

3.3 Licensing of Intermediaries and other Insurance Service Providers

Insurance intermediaries comprise of insurance agents, bancassurance agents, insurance brokers, and medical insurance providers. Other service providers include motor assessors, insurance investigators, loss adjusters, claims settling agents, insurance surveyors and risk managers. All these players are required to apply for the renewal of their licenses by 30th September every year. New applications may however be made at any time during the year.

Table 10 shows licensed insurance intermediaries and service providers over the last five years:

3.5 Onsite Inspections

Among the supervisory activities that the Authority engages in is the onsite inspection of licensed entities. Onsite inspections were carried out on twenty one (21) general insurers, fifteen (15) long-term insurers and six (6) composite insurance companies during the year.

3.6 Submission of Annual Audited and Quarterly Un-audited Returns

All insurers submitted their 2016 (annual) audited and quarterly (unaudited) returns through the ERS with the exception of Xplico Insurance Company which did not submit their quarter four 2016 unaudited returns. Other returns, including monthly claims and premium levy returns were also submitted through the system.

The Authority published four quarterly reports for each of the quarters in 2016 on its website.

3.7 Consumer Complaints

The Authority received 1,080 complaints against registered insurance companies in 2016, an increase from 620 complaints received in 2015. The complaints related to delayed settlement of claims, underpayment of claims, declined claims and misselling of insurance products. Out of the total complaints received, 60% were against general insurers while 40% were against long-term insurers. During the year, 70% of these complaints were resolved.

3.8 Treating Customers Fairly Framework

In 2016, the Authority continued to sensitize industry players on the TCF framework. The framework stipulates the manner in which insurers should treat customers in the course of doing business. It outlines six key outcomes in the following aspects; corporate culture, product design and marketing, clarity of information, suitability of advice, policyholder reasonable expectations and post-sale barriers. Under the framework, the industry is expected to demonstrate with evidence that they have treated their customers fairly. A self-assessment tool was designed to enable industry players assess and improve on how they treat their customers.

3.9 Policyholders' Compensation Fund

The Policyholders Compensation Fund (PCF) is a State Corporation under the National Treasury that was established through the Legal Notice No.105 of 2004. The Fund was established for the primary purpose of providing compensation to

policyholders of an insurer that has been declared insolvent and for the secondary purpose of increasing the general public's confidence in the insurance sector.

The fund received contributions amounting to KES 743.59 million during the year 2016. This represents a 5.6% increase from the KES 704.34 million collected in 2015. The Fund balance as at 31st December 2016 was KES 6.63 billion, representing a growth of 27.2% from KES 5.21 billion accumulated as at 31st December 2015.

4.0 INDUSTRY PERFORMANCE - INSURERS

The performance of the insurance industry in 2016 is analysed as follows:

4.1 Long Term Insurance Business

Long term insurance business comprises life assurance, annuities, group life, group credit, investments, pensions and permanent health

4.1.1 Performance Indicators

Table 13 shows some long term insurance business performance indicators for the period 2012-2016.

Total Surplus	22,087,683	18,174,023	15,979,875	15,218,491	14,025,388	(7.8)

Amounts in '000' KES

The total long-term insurance premium grew by 18.5% in 2016 to KES 73.52 billion (2015: KES 62.06 billion) with pensions contributing the largest share of the premium. Management expenses and net commissions were KES 12.36 billion and KES 5.47 billion respectively having grown by 9.6% and 6.2% respectively. In 2016, total long term insurance business claims and benefits increased from KES 32.59 billion in 2015 to KES 41.48 billion, an increase of 27.3%. Policyholder claims amounted to KES 31.11 billion and constituted 75.2% of the total payout.

The trend and composition of long-term insurance premium income per class of business is as shown in figures 7 and 8 respectively:

Figure 7: Trend in GDP per Class

Figure 8: Class-wise composition of GDP for the year 2016

In 2016, 343,398 new policies were underwritten having risen from 107,591 policies in 2015. The lives insured as at the end of the year were 3.82 million. This represents insurance cover⁸ of 8.4% compared to the insurance cover of 10.0% observed in 2015. Moreover, the total policies in force as at the end of 2016 were 1.11 million against 944,353 in 2015.

⁸ Defined as the ratio of insured lives to total population

4.1.3 Actuarial Valuation

The Insurance Act requires insurers to carry out actuarial investigations annually and submit actuarial valuation reports comprising the life fund, actuarial liabilities, the surplus therefrom and distribution of the surplus.

Table 15 shows the distribution of surplus over the last five years.

Table 15: Distribution of surplus for years 2012-2016

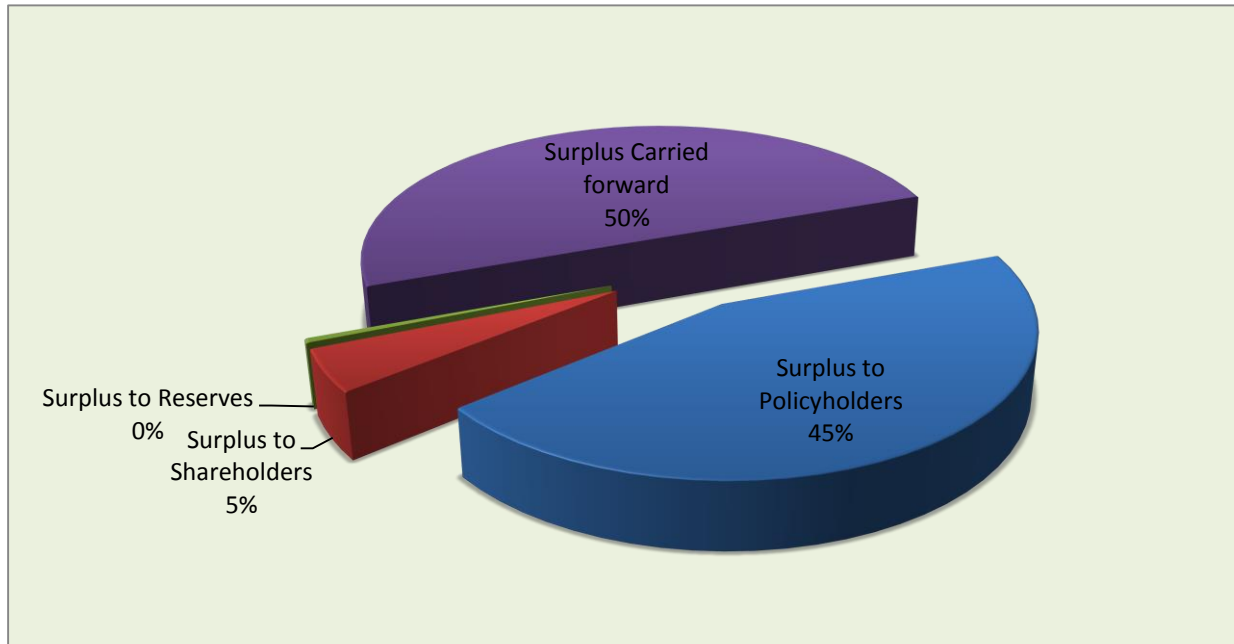

Item	Years				
	2012	2013	2014	2015	2015
Total Surpluses	22,087,683	18,174,023	15,979,875	15,218,491	14,025,388

4.2 General Insurance Business

The following is the analysis of the performance of general insurance business:

4.2.1 Gross Direct Premium Income

General insurance business premiums grew by 10.2% in 2016 which is lower than the average growth rate of 17.2% experienced in the sector during the preceding four years.

The gross direct premium income per class of general insurance business is shown in Table 16.

Analysis of the gross premium income over the five years commencing 2012 shows a steady growth as illustrated in figure 12.

Figure 12: Trend in GDP

In 2016, 1.03 million new policies were written under general insurance business and 1.25 million policies renewed resulting to a total of 2.28 million policies in force at the end of 2016. This represents an increase of 29.5% in the total number of policies in force from 1.76 million policies in force at the end of 2015.

4.2.2 Class-Wise Distribution of GDP

The medical and motor classes of insurance business jointly dominate the general insurance business segment. These classes constituted slightly more than two thirds (68.2%) of the total general insurance premium; 31.7% by medical insurance and 36.5% by motor insurance classes (16.8% from motor private and 19.7% from motor commercial insurance including P.S.V).

Figure 13 illustrates the distribution of GDP per class of general insurance business for 2016.

4.2.6 Incurred Claims

In 2016, general insurance business underwriters incurred claims amounting to KES 54.86 billion, an increase of 11.8% from KES 49.05 billion incurred in 2015. The general insurance business classes with the highest premium income incurred larger proportions of claims with medical incurring 33.0% of the total claims while motor classes of business incurred 50.5% of the total claims.

A summary of incurred claims under general insurance business is shown in Table 21.

5.0 INDUSTRY PERFORMANCE - REINSURERS

The reinsurers' performance is analysed under long-term reinsurance and general reinsurance businesses as follows:

5.1 Long-Term Reinsurance Business

Life assurances inward reinsurance premium income amounted to KES 152.66 million in 2016, an increase of 33.6% from KES 114.25 million reported in the previous year. Inward reinsurance premium income of KES 2.25 billion was reported under group life class of insurance business in 2016 compared to KES 1.97 billion in the previous year, registering a growth of 14.0%.

Long-term reinsurers received a total premium income of KES 2.40 billion, recording an improvement of 15.0% from KES 2.09 billion reported in 2015. Outward reinsurance premium during the year was KES 323.40 million compared to KES 274.30 million in 2015.

A summary of some key performance indicators under long-term reinsurance business are shown in table 25.

CORPORATE GOVERNANCE STATEMENT

The Authority's mandate is to regulate, supervise and develop the insurance industry in Kenya. In pursuit of the achievement of this mandate and in consideration of the size, complexity and interconnectedness of the industry, the Authority has continued to play an important role in stimulating stability and growth. This has mainly been through formulation and implementation of varied regulatory and supervisory measures that are fundamental in ensuring fairness, efficiency and competitiveness of the insurance market in Kenya.

a) Board Composition

The Authority's management vests in its Board of Directors as prescribed under Section 3B of the Insurance Act. Members of the Board other than *ex-officio* members hold office for a period of three (3) years and are eligible for re-appointment for another term.

The Board Members represent an appropriate skill, experience, gender, diversity and geographical mix to facilitate effective execution of the Authority's mandate. There has neither been a resignation by nor removal of a serving director.

b) Board Committees

The Board has delegated its Authority to the standing Committees to enable it effectively carry out its mandate. The Committees of the Board are as follows:

- (i) Technical, Research and Compliance;
- (ii) Audit, Risk Management and Corporate Governance;
- (iii) Finance and Administration; and
- (iv) Human Resource.

Each Board Committee has its own Terms of Reference setting forth the purposes, goals and responsibilities of the Committee as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure, operations and its reporting to the Board.

The Board has an Internal Audit Charter in place defining the scope of internal audit, its authority, responsibility, accountability, reporting and standards of auditing best practices. The Charter is subject to review in line with changing operational environment and governance requirements.

c) Board attendance

A record of attendance of Board Meetings and Board Committee Meetings was kept during the period under review.

*Where a Member did not attend a Board or Board Committee meeting, an acceptable apology was duly received by the Chairman and recorded by the Corporation Secretary. The Chief Executive Officer/Commissioner of Insurance is an *ex officio* member of all Board Committees.

d) Statement of Compliance

As a State Corporation, the Authority's operations are legally guided by the Constitution of Kenya, the provisions of the Insurance Act – Chapter 487 of the Laws of Kenya, the State Corporations Act - Chapter 446 of the Laws of Kenya, the *Mwongozo Code of Governance for State Corporations* and by the general principles of good corporate governance; all of which it is committed to. The Board continues to abide by its Charter, the internal codes of conduct, the Authority's statutory mandate and the Terms of Reference of Board Committees.

The Authority continues to comply with all the statutory requirements relevant to its operation as a body corporate and complies with relevant Government Circulars as issued from time to time.

e) Conflict of Interest

Board Members are required to disclose any conflict of interest in relation to matters that are brought before them for deliberation. This requirement is not only stipulated in the Insurance Act, but also in the Authority's Board Charter and the *Mwongozo Code of Governance for State Corporations*. The Corporation Secretary maintains a register of conflicts of interest which is updated where a conflict is declared.

f) Whistle Blowing Policy

The Authority has provided for protection of whistle blowers under its Code of Conduct and Ethics so as to ensure safeguard of the identity and safety of persons making corruption disclosures to the Authority.

g) Board Oversight

The Board is responsible for the formulation, implementation and monitoring of the Authority's Strategic Plan thus providing appropriate strategic direction for the Authority. In the same vein, the Board defines the Vision, Mission and Core Values to enable realization of the set strategic plan. During the period under review, a mid-term review of the Strategic Plan for the period 2013 – 2018 was conducted.

The Board has delegated the day to day operations of the Authority to the Management which is headed by the Commissioner of Insurance/Chief Executive Officer. The Board periodically monitors and evaluates the implementation of its performance contract, plans and strategies through reports received from Management through its various Committees.

The Board ensures that the Authority espouses proper corporate governance practices by confirming that the requisite codes of conduct, procedures and practices are existent, relevant and adhered to. The Board also achieves this by ensuring that the Authority complies with all the statutory requirements.

The Board is responsible for managing the Authority's risks. In this regard the Board has set up its Enterprise Risk Management Framework which enables it to fully and effectively monitor the Authority's risks. The Board, Management and key Staff of the Authority have been trained on risk management and the Board has developed a Business Continuity Plan.

The Board recognizes and honors its responsibility to its key stakeholders by ensuring that it meets its undertaking under the Performance Contract. In this case Board Members are fully aware of their responsibility to discharge their function in good faith, with prudence, diligence and due care.

h) Board Induction and Training

Being newly appointed, Board members attended an in-house induction on the operations of the Authority, a customized induction training for board directors and a five day corporate governance training for directors as a foundation course.

The Board development programs were scheduled and attended as follows:

1. Five-day corporate governance training course for directors, Centre for Corporate Governance
2. Trustee development program Kenya, College of Insurance
3. The strategic leadership and innovation seminar, Institute of Directors Kenya
4. Driving government performance: Leadership strategies that produces results, Harvard Kennedy School
5. Strategic management of regulatory and enforcement agencies, Harvard Kennedy School

The Board Development Plan is developed in accordance with the training needs identified and/or analyzed for each Member and for the Board as a whole.

i) Board Evaluation

The Board schedules its annual evaluation exercise in its work plan in consultation with the State Corporations Advisory Committee (SCAC) to enable a review of its performance against set objectives. The Board evaluation exercise was conducted by the SCAC on the 15th of December 2015.

j) Corporation Secretary

The Board is assisted by a qualified, competent and experienced Corporation Secretary competitively recruited. The Corporation Secretary co-ordinates the Board activities and ensures, in conjunction with the Chairman and Chief Executive Officer, that the Board meetings are held procedurally as specified in *Mwongozo Code of Governance for State Corporations*.

k) Separation of Roles

In accordance with *Mwongozo Code of Governance for State Corporations*, the role of the Board is separated from that of the Management; the office of the Chairperson and that of the Chief Executive Officer are held by different persons; and the office of the Chief Executive Officer and that of the Corporation Secretary are held by different persons.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

Corporate Social Responsibility (CSR) is an integral part of our business operations. Our CSR activities reflect our philosophy of adopting a responsible approach to developing relationships between ourselves and the communities in which we operate because how we interact with the world in which we operate determines our place within it. Since establishment nine years ago, we continue to build a strong reputation for social responsibility and uphold high standards of corporate conduct with an aim to build value for our business and brand. The Authority promotes CSR activities in line with its CSR agenda. These are driven by a CSR committee comprising of staff from various divisions.

Our CSR programs are aimed at providing long-term benefits to our employees, partners, stakeholders and the broader communities around us. We continue to create a network of CSR activities that let us act proactively in various parts of the country. Through our CSR policy, we also encourage staff members to contribute to some of the initiatives we are engaged in.

Some of the CSR activities conducted during the period under review include:

Sponsorship of the Annual Cerebral Palsy Charity Walk

For the 5th year running, the Authority partnered with the Cerebral Palsy Society of Kenya (CPSK) in organizing the annual CPSK/IRA Charity Walk. Themed “ A journey of Hope”, the Walk is aimed at raising funds and awareness about Cerebral Palsy (CP) condition.

Through the partnership with the Authority, the CPSK outreach programmes have expanded to counties like Kitui, Kisumu, Kiambu and Nakuru. The activities range from school/student support to formation of support groups of parents for children with CP. The Society has also started a kindergarten/day care centre for children living with CP in Nairobi and Kitui (St Magdalene School).

IRA Director Joyce Muchena flags off the 9.3 Km Charity Walk at the Nyayo National Stadium.

Hospital Support Program

In its efforts to supplement government efforts in health care, the Authority supports various public health facilities across the country. The support is in form of purchase of equipment, as identified by the institutions. The hospitals that benefited from this programme include Kenyatta National Hospital, Jaramogi

Oginga Odinga Teaching and Referral Hospital and Kakamega County General Hospital.

Support to Corporate Bodies

The Authority continues to partner with professional bodies in the organization and running of awards that are aimed at rewarding excellence in various operating areas. Through such partnerships, synergies are created and resources are shared. In addition, the Authority's visibility and reputation is enhanced. Some of the bodies that the Authority partnered with in the last year include the Institute of Certified Public Secretaries of Kenya (ICPSK) through the Champions of Governance (CoG) Awards, Institute of Certified Public Accountants of Kenya (ICPAK) through the Financial Reporting (FiRe) Awards and the Association of Kenya Insurers (AKI) through the Agents of the Year Awards. The Authority also supported the 2016 Actuarial Convention, the Insurance Institute of Kenya (IIK), Association of Insurance Brokers of Kenya (AIBK) and Law Society of Kenya (LSK) conferences.

Support to Learning Institutions

The Authority supports learning institutions in various ways. Some of the institutions that have benefitted from this support include Jomo Kenyatta University of Agriculture and Technology (JKUAT), University of Nairobi (UoN), Maseno University and St. Bakhita Primary School.

REPORT OF THE DIRECTORS

The Directors submit their report together with the financial statements for the year ended June 30, 2016 which shows the state of affairs of the Insurance Regulatory Authority.

1. Incorporation

The Authority is a State Corporation established under Section 3(1) of the Insurance (Amendment) Act 2006.

2. Principal Activities

The principal activities of the Authority are to regulate, supervise and develop the insurance industry in Kenya and protect the interests of policyholders and insurance beneficiaries.

3. Results

5. Auditors

The Auditor General is responsible for the statutory audit of the Authority pursuant to the Article 229(2) (h) and in accordance with Section 35 of the Public Audit Act, 2015 and Section 68(2) (k) of the Public Finance Management Act, 2012.

By Order of the Board

Mrs. Diana Sawe Tanui
Board Secretary

Date: 19th September 2016

STATEMENT OF THE DIRECTORS' RESPONSIBILITIES

Section 68 of the Public Financial Management Act, 2012 and section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of the Authority, which give a true and fair view of the state of affairs of the Authority at the end of the financial year and the operating results of the Authority for that year. The Directors are required to ensure that the Authority keeps proper accounting records which disclose with reasonable accuracy the financial position of the Authority. The Directors are also responsible for safeguarding the assets of the Authority.

The Directors are responsible for the preparation and presentation of the Authority's financial statements, which give a true and fair view of the state of affairs of the Authority for and at the end of the financial year ended June 30, 2016. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Authority; selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Authority's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the Public Finance Management Act and the State Corporations Act. The Directors are of the opinion that the Authority's financial statements give a true and fair view of the state of the Authority's transactions during the financial year ended June 30, 2016, the Authority's financial position as at that date, financial affairs of the Authority and of its operating results. The Board of Directors further confirms the completeness of the accounting records maintained by the Authority, which have been relied upon in the preparation of the Authority's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Board of Directors to indicate that the Authority will not continue to operate as a "going concern" for at least the next twelve months from the date of this statement.

Approval of the Financial Statements

The Authority's financial statements were approved by the Board of Directors on 7th September 2016 and signed on its behalf by:

OFFICE OF THE AUDITOR-GENERAL

**REPORT OF THE AUDITOR-GENERAL ON INSURANCE REGULATORY
AUTHORITY FOR THE YEAR ENDED 30 JUNE 2016**

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Insurance Regulatory Authority set out on pages 27 to 48, which comprise the statement of financial position as at 30 June 2016, and the statement of financial performance, statement of changes in net assets, statement of comparison of budget, and actual amounts and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

The Directors are responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. The audit was conducted in accordance with International Standards of Supreme Audit Institutions. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

Report of the Auditor-General on the Financial Statements of Insurance Regulatory Authority for the year ended 30 June 2016

Promoting Accountability in the Public Sector

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Insurance Regulatory Authority as at 30 June 2016, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Insurance Act, Cap 487 of the Laws of Kenya.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2016

1. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

The financial statements are prepared in accordance and comply with International Public Sector Accounting Standards (IPSAS). The financial statements have been prepared on a going concern basis and the accounting policies have been applied consistently throughout the period. The financial statements have been prepared on the basis of historical cost. The cash flow is prepared using the direct method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below.

(a) Income recognition

(i) Revenue from non-exchange transactions

- ***Premium Levy, penalties and licence fee.***

The Authority recognizes revenues from levies, penalties and fees when the event occurs and the asset recognition criteria are met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Authority and the fair value of the asset can be measured reliably.

(ii) Revenue from exchange transactions

- ***Interest income***

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

(b) Budget information

The annual budget is prepared on accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the Authority. As a result of the adoption of the accrual basis for budgeting purposes, there is no basis that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

(c) Property, Plant, Equipment, Computer Software, Depreciation and Amortization

All property, plant, equipment and intangible assets are initially recorded at cost and thereafter stated at historical cost less accumulated depreciation and amortization. Historical cost comprises expenditure initially incurred to bring the asset to its location and condition ready for its intended use.

Depreciation and amortization is calculated on the cost of each asset on a straight-line basis at annual rates estimated to write off the cost of the asset over its estimated useful life.

The depreciation and amortization rates used are as follows.

Motor Vehicle	25.00%
Partitions & Furniture	12.50%
Computer Equipment	33.30%
Computer Software	33.30%
Other Equipment	25.00%

(d) Taxation

Under regulation 214(2) of the Public Finance Management Act No. 18 of 2012, the Authority is required to remit 90% of its surplus funds to the Consolidated Fund. As a result the Authority is exempted from paying income tax under regulation 214(3) of the same act.

(e) Retirement benefits

The Authority operates a defined contribution pension scheme for all its eligible employees. The scheme is funded from contributions from both the Authority and employees. The assets of this scheme are held in a separate trustee administered scheme.

The Authority also contributes to a statutory defined contribution plan, National Social Security Fund. The contributions are determined by local statute and are currently limited to KES 200 per employee per month.

Contributions by the Authority to staff retirement benefit schemes are charged to the statement of financial performance as they fall due.

(f) Related parties

The Authority regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Authority, or vice versa. The Board of Directors and key members of management are regarded as related parties.

(g) Financial instruments

Financial assets and financial liabilities are recognized in the Authority's statement of financial position when the Authority becomes a party to the contractual provisions of the instrument.

i) Financial Assets

- ***Receivables***

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Authority provides money, goods or services directly to a debtor with no intention of trading the receivable.

- ***Government securities***

Government securities comprise treasury bills and treasury bonds (debt securities) issued by the Government of Kenya. Government securities are classified as held to maturity and are stated at amortized cost.

Short term deposits

Short term deposits are classified as held to maturity and are stated at amortized cost.

ii) Financial liabilities

- ***Trade payables***

Trade payables are current and are stated at their nominal value.

(h) Inventories

Inventory refers to consumable store items. Initial recognition of inventory is done at cost and subsequently measured at the lower of cost and net realizable value.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Authority.

(i) Provisions

Provisions are recognized when;

- i) The Authority has a present obligation (legal or constructive) as a result of a past event,
- ii) It is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and;
- iii) A reliable estimate can be made of the amount of the obligation.

(j) Nature and purpose of reserves

The Authority maintains a general reserve.

(k) Cash and cash equivalents

For the purposes of the statement of cash flows, cash and cash equivalents comprise cash in hand, current account bank balances, short term fixed deposits and 91 day Treasury Bills.

(l) Comparatives

Comparative figures have, where applicable, been adjusted to conform to changes in the current presentation.

(m) Significant judgments and sources of estimation uncertainty

i) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- a) The condition of the asset based on the assessment of experts retained by the Authority
- b) The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- c) The nature of the processes in which the asset is deployed
- d) Availability of funding to replace the asset
- e) Changes in the market in relation to the asset

ii) Provisions

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date.

(n) Currency

The financial statements are prepared in Kenya Shillings (KES), rounded to the nearest shilling.

(o) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2016.

27. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT POLICIES

The Authority's activities expose it to a variety of financial risks, including credit risk, liquidity risk and interest rate risk. The Authority's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on its financial performance.

The Authority regularly reviews its risk management policies and systems to reflect changes in markets and emerging best practices. Risk management is carried out by the management under the supervision of the Board of Directors.

The Board provides policies for overall risk management, as well as policies covering specific areas such as liquidity risk, interest rate risk, credit risk, use of non-derivative financial instruments and investing excess liquidity.

(a) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Authority.

Credit risk arises from bank balances, trade receivables and amounts due from related parties. The Authority's management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board. The utilization of credit limits is regularly monitored.

(b) Market risk management

Interest rate risk

The Authority's interest rate risk arises from investments in short term deposits, Government securities and corporate bonds. These are fixed income instruments and would not be significantly affected by fluctuations in interest rates.

(c) Liquidity risk management

Liquidity risk is the risk that the Authority will not be able to meet its financial obligations when they fall due. The Authority's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or at the risk of damaging the Authority's reputation.

The Authority ensures that it has sufficient cash on demand to meet expected operational expenses, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted. All liquidity policies and procedures are subject to review and approval by the Board of Directors.

28. COMMITMENTS

The Authority had issued local purchase orders and local service orders for various supplies for which goods/services had either not been received or had been partly received by 30th June, 2016.

	2016 KES	2015 KES
Purchase/service orders	<u>3,950,497</u>	<u>10,420,630</u>
	<u>3,950,497</u>	<u>10,420,630</u>

29. MAJOR VARIANCES

Major variances in this context refer to expenditure items which vary from the budget by more than KES 10 Million.

(a) Board Expenses-Actual KES 27 million(Budget-KES 45 million)

Board expenses are below budget mainly as a result of under-expenditure in travel expenses (by KES 3 million) and training (by KES 14 million). This was partly driven by the fact that for a significant part during the financial year, the Board was not fully constituted.

(b) Personnel Emoluments-KES 305 million (Budget –KES 372 million)

Personnel emoluments are below the budget mainly as a result of a number of established posts being vacant.

(c) Other Personnel Costs-KES 96 million(Budget-KES 120 million)

Other personnel cost are under-spent mainly due to the staff bonus (KES 15 million) which was not paid during the year.

(d) Transport and travel-KES 35 million (Budget-KES 57million)

Transport and travel is under-spent mainly in local travel (KES 5 million) and International travel (KES 14 million). This is partly driven by the adoption of austerity measures imposed on the same at the national level.

(e) Public Relations-KES 45 million (Budget-KES 71 million)

Expenditure on this item is underspent mainly on printing of public relations materials (by KES 6 million) and public announcements (by KES 15 million).

(f) ICT Expenses - KES 19million (Budget-KES 38 million)

ICT expenses are under-spent mainly as result of challenges associated with the renewal of various licenses. This is mainly due to contracting issues that arose during implementation of the software running the procurement, human resource and document management processes (KES 3 million). Savings were also realized in setting up a disaster recovery site (KES 3 million).

(g) Development of insurance industry-KES 149 million (Budget-178 million)

Development of the insurance industry is underspent mainly on consumer education activities (KES 13 million) and seminars for the industry (KES 8 million).

(h) Consultancy –KES 8 million (Budget-KES 50 million)

Consultancy expenses are underspent mainly of legal fees (KES 20million) which were budgeted merely as a contingent provision and as such may result into a saving. General consultancy was also underspent by KES. 20million.

(i) Insurance Fraud and Other Expenses- KES. 19M (Budget –KES. 33)

Included in this budget is a contingent amount of KES 14million.
